

*every object, every being, is a jar full of delight*

**Rumi Restaurant** is a warm, new & comfortable neighborhood restaurant in San Carlos. Located just south of Brittan at 1179 Laurel.

## Our ingredients

Our ingredient-driven seasonal menu features local and sustainable food and wine from Northern and Central California with flavors and influences of the Southern Mediterranean and the Western reaches of the “Silk Road.”

Our goal is to be warm and inviting yet innovative and creative with refined service for our guests to enjoy a delicious and satisfying dining experience.

Northern and Central California is home to an extraordinary group of artisan farmers, ranchers, brewers, cheese makers & winemakers and our goal is to search out and establish relationships with people who raise and make great products. We believe that sustainable food practices are the responsible approach to running a food service establishment.

The more we all share in the stewardship of our soil, water and air. The healthier our environment will become, the better chance we will leave a better world for the next generations.

## Our wine

Our wine list is exclusively from California producers. We're interested in up and coming wineries and wine makers who specialize in varieties from specific locations. There is nothing more enjoyable than the perfect pairing of exquisite food and fine wine.

## Our Chefs

Our Chef's create menus that are not only interesting, wholesome and fresh but serve as a complete dining experience.

**Hours** *Dinner* Nightly starting at 5 PM  
*Lunch* Mon - Fri starting at 11:30 AM
